MINIMIZING THE DAMAGES CAUSED BY FLOOD

Honeywell's Environmental Sensors

Honeywell's Environmental Solutions

Protecting lives and property is our mutual business. But did you know some of the leading causes of property claims are due to water damage? (See charts at right)

We've got the solution.

Whatever the installation challenge, Honeywell has the solution. With a full line of hardwired and wireless sensors to choose from, you're certain to find the right answer for your customers.

Ideal for both residential and commercial settings, Honeywell's environmental sensors:

- Monitor kitchens, basements, bathrooms, laundry rooms, boilers and more
- Help minimize damages due to flooding, faulty appliances or plumbing leaks
- Help alleviate health risks from mold caused by water damage
