Security Management

# Pro-Watch® – Your Choice for Security.

For more than two decades, Honeywell's Pro-Watch® security management suite has been chosen by Fortune 100 and Fortune 1000 companies worldwide to protect people, property and assets by combining visitor management, access control, IP video surveillance and intrusion into one powerful system.

It's a simple choice. Choose Pro-Watch and make Honeywell your partner in security.

## True Open Platform for Maximum Flexibility

Designed with an open platform that offers integration, scale, and flexibility, Pro-Watch delivers the ideal blend of versatility and cost-effective performance. From seamless integration with locks and readers that provide more flexibility to the integration with Vindicator's high security intrusion detection, Pro-Watch packages all the functions you need into one powerful system.

We support open standards and architecture through our Honeywell Open Technology Alliance (HOTA). HOTA enables open exchange of technology between security and IT manufacturers – maximizing an end-user's investment in existing security technology. Come check out the new HOTA Site Format for better integration information. Honeywell is also a contributing member of ONVIF and PSIA.

## Open Platform

Effortless integration with disparate and third-party systems — resulting in cost savings and increased operational efficiencies.

- Drives energy savings through a more efficient use of HVAC and building management systems, enabling a real return on investment
- Gives you the freedom to create custom-fit solutions using simple tools like the Pro-Watch Integration Kit — saving you time and money
- Integrates seamlessly to visitor management, mass notification and other systems for tighter security Power of Customization

## Supports Mercury Standard Protocol

Integrating with Mercury-based systems eliminates the need to replace existing Mercury-based systems, delivering a cost-effective transition path.

- Provides a drop-in replacement for CASI-Rusco Micro/5 Boards as well as Software, leveraging end-user's investments in existing readers and wiring
- No need to replace and rewire access control hardware
- No need for new access credentials
- Provides a lower cost migration path for legacy and third-party end users

## Vindicator® Intrusion Detection

Integration with Vindicator provides a single interface for access control, video surveillance and perimeter protection.

- Offers “layered security” for advanced notification of threat situations
- Drives seamless integration to any third-party system
- Uses embedded software to guarantee minimal system downtime and instant notification of intrusion alarms
- Scalable to meet any application

## Integrated Locks and Readers

More installation flexibility for previously hard-to-wire applications results in less disrupted installs.

- Supports disconnected/wireless readers, increasing application flexibility:
  - Allegion AD Series
  - Assa Abloy Aperio
  - SALTO Sallis
- Increases opportunity for more installations, resulting in tighter security
- Effective access control solution for remote locations. No wiring required.

# Award-Winning Security Management

Honeywell's Pro-Watch® security management suite was selected by top resellers as a Best Channel Product by Business Solutions Magazine.

## Which Edition Best Fits Your Needs?

### Pro-Watch Enterprise

Global control with local autonomy for large multinational applications with unlimited users and doors.

### Pro-Watch Corporate

For mid-size to large applications, from five users and 96 doors or more.

### Pro-Watch Professional

For small to mid-size applications, up to five users and 64 doors.

### Pro-Watch Lite

Basic functionality for the small business with up to 32 doors. Badging not included.

Learn more about the new features and functionality of Pro-Watch. Download the latest datasheet at [honeywellintegrated.com](https://www.honeywellintegrated.com).

## Choose Pro-Watch Today

The sooner you act, the sooner you can streamline your security operations with Honeywell's solutions. Call 800-323-4576 to speak to a Honeywell representative, or visit [www.honeywelldiscovertraining.com](http://www.honeywelldiscovertraining.com) to register for a self-paced tutorial of Pro-Watch.
