70 SERIES CAMERAS
MOUNTS AND ACCESSORIES

Honeywell's 70 Series mounts and accessories provide a wide range of installation options for the Honeywell 70 Series IP cameras, including junction boxes and a variety of brackets for in-ceiling, wall, pole, and corner mounting; as well as smoked bubble replacement options.

All of the mounts and accessories offer excellent value at an attractive price with simple, clean lines, rugged construction and options suitable for indoor or outdoor mounting use.

The mounts provide easy cable routing with no exposed wiring, and the cameras can be installed, adjusted, and tested without repositioning the housing.

With the help of a Wi-Fi dongle, cable adaptor and a downloadable app, dome and bullet cameras can be wirelessly configured from mobile phones, tablets and laptops. This setup translates into easier installations, and commissioning becomes a single person process, while reducing time & labor cost.
