equIP[®] Cameras

equIP[®] and HDZ Series Overview

Take Advantage of Honeywell's equIP and HDZ Series of High Resolution IP Cameras

Honeywell is taking quality and reliability to the next level with the new equIP® line of 4K Ultra HD IP cameras, 1080p IP PTZ cameras, and HD IP cameras. The Honeywell cameras, including rugged bullet, fisheye, indoor and outdoor domes, and box cameras offer incomparable picture clarity, hassle-free flexible system integration, and secure data transmission—and they install easily too!

Superior HD Image Quality, up to Ultra HD 4K

- Up to Ultra HD 12 MP (4K) cameras with 6 MP, 4 MP and 2 MP cameras also available
- Either True WDR (120/140 dB) or Digital WDR (DWDR) ensures glare-free images
- True Day/Night provides vivid color images by day and clear black-and-white images at night using a removable IR cut filter
- Excellent low-light performance with 3D noise reduction, saving storage and bandwidth together with H.265 Profile codec

Flexible Surveillance Solution

Honeywell

THE POWER OF CONNECTED

- A wide range of lenses and zoom options for all types of installations
- H.265, H.264 and MJPEG codec, triple stream support
- IR LEDs provide illumination in dimly lit or nighttime scenes (depending on scene reflectance and camera model)
- Smart IR technology provides even distribution of IR
- Waterproof (IP67) and IK10 impact-resistant camera housing (rugged outdoor housings, depending on model)
- Wide range of working temperatures for indoor and outdoor environments (depending on model)
- ONVIF Profile S and G compliant
- Security features include individual signed certificates and data encryption
- Cameras can be retrofitted on many existing NVR installations without requiring additional storage

Onboard Video Storage

• Supports microSDHC (Class 10) card for local video storage when network is interrupted. Card not included

Easy to Install and Use

- Built-in PoE, PoE+, or PoE++ (Power over Ethernet) eliminates separate power supply and associated wiring; 24 VAC/12 VDC inputs where PoE power is unavailable
- Remote configuration, motorized zoom adjustments and auto focus through web client or from the NVR
- Wide range of mounting options for the different camera housings include wall mounts, pendant mounts, pole and corner adapters and junction boxes support many types of security situations

Market Opportunities

These fully featured attractive cameras are perfect for any type of security installation, from complete area coverage with PTZ, fisheye and multi-image cameras to high resolution True Day/Night indoor/outdoor cameras for any scenario. The equIP Series provides excellent picture quality at minimal bandwidth while offering maximum protection against dust, dirt, and water (outdoor models). Boasting sleek, modern designs and offering up to 4K high definition images, these cameras are suited for a wide range of security applications.

equIP® Series and HDZ Series Cameras Features (Continued)

The cameras can be configured to automatically detect and respond to events such as motion in the scene, alarm inputs, network failure, and/or camera tampering. Automated responses include: sending a notification through email, FTP, and/or HTTP; sending a still image of the event through email and/or FTP; and recording a video clip of the event to a configured microSDHC card. Setup can be done through the web client.

ORDERING

| H4D8GR1 | Network TDN Ultra 4K HD IR Rugged Dome Camera, 1/1.7* CMOS, 12 MP, 4.1–12.8 mm MFZ, 3 IR LEDs, PoE+, H.265, IK10, IP67 | БО | HBD8GR1 | Network TDN Ultra 4K HD IR Bullet Camera, 1/1.7° CMOS, 12 MP, 5.1–12.8 mm MFZ, 4 IR LEDs, PoE+, H.265, IK10, IP67 |
