Security at the Top of its Class
Pro-Watch® 4.3 Offers Your Campus Security

Pro-Watch® 4.3 Tops the Dean's List

With the addition of wireless locks and biometric readers, Pro-Watch now offers excellent choices to fit your needs.

Campus security is a major concern of security professionals and students at every college, as well as employees, customers and the like at enterprise campus environments worldwide. Security shouldn't be an afterthought. Pro-Watch 4.3 is designed with an open platform that offers integration, scalability and flexibility. With the addition of wireless locks and biometric readers, Pro-Watch now offers excellent choices to fit your needs. Whether the goal is to increase safety in dormitories, laboratories, classrooms, and/or work stations, Pro-Watch 4.3 wirelessly fits specific security needs at an affordable price.
