

equip[®] Camera Mounts

Mini Dome, Fisheye, and Bullet
Camera Accessories

HD4CHIP-WK2/HD4CHIP-PK2/HFG-WK/HFG-PK
HB4G-PM/HB34G-CM/HD3-MK2/HBG-BB

Honeywell is taking quality and reliability to the next level with the new equip[®] line of mounts and accessories. The mounts can be used to install equip[®] Series cameras to a variety of indoor and outdoor surfaces, including walls, ceilings, and poles—and they look great too!

The simple, solid design of these mounts is an installer's first choice for ease of installation. All of the mounts provide easy cable routing and the camera and lens can be installed, adjusted, and tested without repositioning the housing.

The outdoor mounts feature die-cast aluminum or galvanized steel construction. The indoor mounts use a polycarbonate construction to match the indoor dome material. All the mounts have an off-white powder coating finish that exactly matches the cameras' finish.

Market Opportunities

Honeywell's new equip[®] line of mounts and accessories provide performance and strength you can depend on. The attractive design, impact-resistant construction, and range of mounting options make these mounts the best solution for all of your indoor and outdoor fixed mini dome, fisheye, and bullet camera applications.
