PIBV2
Supervisory Switch

NOTIFIER® by Honeywell

Ancillary Devices

General

Notifier's PIBV2 supervisory switch monitors the open position of post indicator and butterfly control valves.

The PIBV2 features a flexible design, which accommodates post indicator, butterfly, and many other types of wall post, recessed wall post and pressure reducing valves.

The PIBV2's unique bidirectional actuator allows the unit to be installed in either rising or falling flag installations.

Features

- Robust construction.
- Application flexibility.
- Simplified installation.
- Reliable performance.
- Bidirectional actuator.
- Adjustable length actuator with breakaway feature.
- Tamper resistant cover screws.
- Can be mounted vertically or horizontally.
- Both SPDT contacts are enclosed in a durable terminal block for added strength.

Specifications:

Contact Ratings:	2.5A @ 24VDC
Maximum Stem Extension:	80mm
Operating Temperature Range:	-40ºC to 49ºC
Enclosure Rating:	IP54 when mounted vertically
Mounting:	½" NPT Nipple
