

MS-G Series

Message Signs

General

The stand-alone Phoenix G2 Message Sign is the quickest way to understand an alert. It displays a single-line scrolling alert message. No additional power from the Message Remote 2 is required.

System administrators or the fire department can control the type of information displayed, scrolling speed, message length, etc. Additionally, the sign can be configured to display dispatch information, turnout timer or unit status (with a capable CAD system).

Simple installation: Easily mounts above doorways, in hallways, kitchens, offices and app bays.

There are three Phoenix G2 message sign options:

- MS-G-M Mini Message Sign (Turnout Timer) – 12.8" W x 3.7"H x 2.1"D
- MS-G-E Standard Message Sign – 24.8" W x 3.7" H x 2.1" D. (most common)
- MS-G-E Extended Message Sign – 36.8" W x 3.7" H x 2.1" D

Specifications

- Dimensions
 - MS-G-M: 12.8" W x 3.7" H x 2.1" D
 - MS-G-S: 24.8" W x 3.7" H x 2.1" D
 - MS-G-E: 36.8" W x 3.7" H x 2.1"
- Input voltage: 48 VDC
- Power consumption: 1W
- Accessories
