InnovairFlex™ Duct Smoke Detector Accessories

Architects and Engineering Specifications

The System Sensor RA100Z remote annunciators are polarized devices designed for both conventional and intelligent applications. They have been designed using an active current regulator so that the maximum current required from the system is 10mA when the input voltage is within the specified voltage range.

Electrical Specifications

The power supply voltage shall be 3.1 to 32 VDC. The intelligent system standby shall be 18 to 32 VDC. The maximum alarm current shall be 12 mA.

Physical Specifications

The RA100Z dimensions shall be 4.6" H × 2.8" W × 1.3" D.
