Honeywell | Farenhyt™ Series

Date: February 2023 Marketing Bulletin M23.6

To: All Farenhyt Series Distributors

Product Retirement: Legacy Farenhyt Panels & Boards

IFP-50, IFP-100, IFP-1000, IFP-2000, IFP-100ECS and IFP-2000ECS Impacted

With the release of HFSS software version 7.0.250.0 (See Bulletin MXX.X) containing an SKSS importer tool that enables Farenhyt ESDs to import legacy panel programming from SKSS and convert it to HFSS files, Honeywell will be discontinuing the support of legacy panel boards.

The IFP-2000 and IFP-2000ECS will be addressed in an upcoming HFSS update to support SKSS-2 imports in a similar fashion.

The exact end-of-life schedule will be different by SKU based on the market availability of the legacy chips, please refer to the below table:

Legacy Part No.	Description	End-of-Life Plan	Recommended New Part No.
058200IFP	PC BOARD ONLY FOR THE IFP-1000	Limited last-time buy	IFP-2100
0IFP-100BD	PC BOARD ONLY IFP-100	Limited last-time buy	IFP-300
0IFP-2000BD	PC BOARD FOR IFP-2000	Limited last-time buy	IFP-2100
0IFP-2000HVBD	PC BOARD FOR IFP-2000HV, HIGH VOLTAGE	Limited last-time buy	IFP-2100
0IFP-50BD	PC BOARD ONLY IFP-50	Supply no longer available, open orders will be canceled	IFP-75
IFP-2000	SCALABLE ANALOG/ADDRESSABLE FIRE ALARM CONTROL PANEL	Limited last-time buy	IFP-2100
IFP-100ECSBD	BOARD ONLY FOR IFP-100ECS	Limited last-time buy	IFP-300ECS
IFP-2000ECS	IFP-2000 INTEGRATED WITH EMERGENCY COMMUNICATION SYSTEM	Limited last-time buy	IFP-2100ECS

Please contact Farenhyt Technical Support (800-446-6444) for any questions on the latest programming software. If you have any questions about current orders containing the legacy panels, please contact your Regional Sales Manager.

Sincerely,

James A. Selm
Offering Manager
