

August 2021

Document: PB21-014

Overview

Due to advancement in technology, New Product Introduction, and challenges in production of FSC-851AUS IntelliQuad Multi-criteria Sensor, Notifier is discontinuing this device with immediate effect.

Unfortunately, all unconfirmed open orders and new orders for FSC-851AUS Intelliquad Multi-criteria sensors will be rejected with immediate effect.

We anticipate releasing a replacement using **new technology** shortly which will provide Advanced Multi-criteria spot detection. This new device will be able to be used as a drop-in replacement for the current FSC-851AUS Multi-Criteria detector.

Availability is expected towards Q3 2022.

Affected SKU	Description	New SKU	Description	Availability
FSC-851AUS	IntelliQuad MultiCriteria Sensor	FPTI-951AUS	Advanced Multi-Criteria (Photo, Heat, IR)	Early Q3 2022
