NOTIFIER by Honeywell

NOW AVAILABLE - NOTIFIER Wireless Addressable AV Base, Pull Station, and Sync Module

January 10th, 2019

NOTIFIER is pleased to announce the availability of its new additions to the SWIFT® wireless product family. The SWIFT wireless system **seamlessly integrates, and NOW synchronizes visually and audibly,** with existing wired installations.

It provides a **unique level of reliability** enabled by its smart, true mesh, technology. **With redundant paths of communication** at all times, SWIFT ensures a **class A system** and reliability where it matters the most. The new products integrate seamlessly with NOTIFIER panels as well as with existing NOTIFIER wireless installations allowing you to fully conquer challenging obstructions associated with traditional wired systems.

NOTIFIER® by Honeywell

- **Pull Station**
  - Same look and feel as current wired pull stations
  - Ships with 4 batteries included
  - Available in English and Spanish
  - Seamlessly integrates with all other SWIFT wireless devices

- **Sync module:**
  - Enables visible and audible synchronization between wired and wireless AV appliances
  - Ships with four batteries included
  - Can be used to synchronize remote power supplies and monitor power supply trouble outputs

- **SWIFT 3.0 System upgrades:**
  - Windows 10 support
  - Automatic W-USB updates; no more searching for files and manually updating!
  - “Service pack” approach to download. No need to download files one by one anymore.
  - Enables future upgrades to be completed over the entire mesh, instead of device by device.

The NOTIFIER SWIFT AV base, Pull Station and Sync module are available now! Please contact your NOTIFIER Customer Service Representative at 1-800-289-3473 to place orders.
