Product Announcement

Next Generation: ONYXWorks and FirstVision, Version 4

January 2017

NOTIFIER is pleased to announce the upcoming launch of the next generation of ONYXWorks and FirstVision [Version 4] - a powerful, versatile platform for life safety management. Version 4 will be available in March 2017 and features a single, streamlined configuration tool and flexible, intuitive displays. These enhancements, along with many additional new features allows you to **reduce the time to configure a system by at least 20%**, while driving increased operational efficiencies.

Key new features of this platform include:

	Feature	Benefit
Configuration	**ONYXWorks 4/FirstVision 4**	
	Single Configuration Tool	Eliminates Duplicate Work
	Native CAD (.dxf) File Import	Eliminates step to convert floor plans to vectored files
	Entire Floor Import (.dxf, .wmf Files)	Less screens to create/manage
	Drag/Drop Devices	Cuts device placement time by 50%.
	Global User-Definable Icon Setting	Eliminates one-at-a-time importing of user-defined icons
	Macros - Dual Functionality	50% less macros to create
	Undo/Redo Functionality	Eliminates Rework
	ONYXWorks 4	
	UX Designed Interface	Intuitive Navigation. Reduced Training Costs.
	Configurable Windows (Single Monitor)	Customizable display to fit end-user needs. Improved Situational Awareness.
	Floatable/Dockable Windows (Dual Monitors)	Flexibility to display information as desired. Improved Situational Awareness.
	Enhanced Graphic Image Quality (Zoom)	Faster assessment/response to alarm events.
	Dual-Function Macros	50% fewer macros to search, retrieve and manage.
	Macro Organizational Utility	Folders for efficient search and retrieval
	Expanded Capacity – History Files (2.5 Million Records)	Efficient retrieval and report creation
	Streamlined Database Synchronization	75% Reduced Sync time (Avg) [Multi-Workstation Sites]

Key changes to the product offering include:

- The operating system for ONYXWorks 4 is Windows 10
- ONYXWorks Version 4 software requires a keybit to activate the software (ONYX-4)
    - Once the software key is activated, all ONYXWorks releases under Version 4 can be accessed
- The Floatable/Dockable Windows feature (to support dual monitors) is an optional add-on. (ONYX-MM)
- ONYX-NOTIFY (email/text feature) supports authentication
- Block ACK (in Proprietary Receiving Unit Mode) is a configurable setting (with AHJ approval)

Version 4's platform offers backwards compatibility and allows you to transfer ONYXWorks Version 3 as well as FirstVision Versions 1.8 and 3 databases when upgrading to Version 4. Version 4 supports 19" and 22" FirstVision models.

Important Information on ONYXWorks 4 Upgrades:

Workstations purchased from 2015 onward

- Solid-State Comark computers, offered since 2015, can be upgraded to Windows 10
- NOTIFIER will offer an upgrade kit, consisting of a USB drive, to re-image the computer with Windows 10. The part number is WIN10-UG. *Detailed instructions will be included with the kit.*
- Upgrading to ONYXWorks Version 4 requires the ONYX-4 keybit to activate the software
    - Upon placing your order, please provide the existing workstation HASP Key number to Customer Service
    - You will receive an upgrade code (via email) to activate ONYXWorks 4 on the workstation
- ONYXWorks Version 4 software will be available on the ESD website for download
- For sites with multiple workstations, all workstations must operate on the same version of ONYXWorks

Workstations purchased prior to 2015

- Comark computers offered prior to 2015 *(not Solid-State)* cannot be upgraded. Please order ONYXWORKS-WS as a replacement
- For sites with multiple workstations, all workstations must operate on the same version of ONYXWorks

Attached please find pricing along with the new order form. Projects quoted prior to ONYXWorks 4 launch, with a shipment date no later than April 30th will receive their current approved pricing. Please register impacted projects with your regional sales representative by February 28th. **Software upgrade purchases booked and shipped by April 30th will receive a promotional discount as noted on the price list**.

Look for a formal product announcement coming in March with more information, including datasheets and additional resources. If you have any questions regarding the new offering and transition, please contact your local Regional Sales Manager.

Thank you for your business and continued support.

Sincerely,

Michele Ottavio
Sr. Product Marketing Manager
