Please be advised that after the addition of several new audible visible (AV) notification devices to the L-Series product family, NOTIFIER has decided to phase out the legacy ONYX ExitPoint™ directional sounder. NOTIFIER provides a wide offering of voice evacuation appliances that we recommend as replacements to the ExitPoint directional sounder.

Please reference NOTIFIER.com to view our complete AV product offering and find the best alternative for your needs.

The PF24V ONYX ExitPoint directional sounder will remain available until October 1, 2020 and after that date will only be available while supplies last.
