NOTIFIER® by Honeywell

12/21/2020

Dear Partner,

As previously announced, due to a supplier component obsolescence the current High-Speed Network Module, wire variants only, have been discontinued. Please see table below for discontinued part numbers. Fiber variants of the High-Speed Network Module and Standard Speed Network Modules will continue to be available.

To support existing and new installations, NOTIFIER is introducing the new set of High-Speed Network Wire Modules. These new modules offer the same functionality as the discontinued parts. The list of replacement parts is included below.

***** Due to stock shortage, part number NFN-GW-PC-HNW-2 will be made available in early 2021.**

The new High-Speed Network Wire Modules will be available for shipment on December 21, 2020. Pricing for new modules can be found on the recently released price lists. Although all orders for legacy products have been cancelled, we are building enough inventory of the new product to fulfill your orders. We ask that you resubmit a P.O. for the new cards so that we may expedite the allocation of parts to your orders.
