Honeywell | Farenhyt™ Series

Date: April 2021 Marketing Update M21.8

To: All Farenhyt Distributors

Product Discontinuation Notice
HPF24S, HPFF8, 5499,5495 Series Power Supplies

Honeywell Fire is releasing our new PS Series conventional power supplies, providing an improved range, and being offered in 10 Amp (with 3 inputs and 7 outputs) and 6 Amp (with 2 inputs and 5 outputs). In concurrence with the PS Series release, we are also announcing the product discontinuation for the HPF24S, HPFF8, 5499,5495 Series Power Supplies.

HPF24S power supplies HPF24S6(E) and HPF24S8(E) - Due to a major component no longer available from our Supplier, we will be **discontinuing the HPF24S series power supplies immediately.** As of April 21, 2021, we will no longer accept new orders for the HPF24S6 or HPF24S8. Customers using this supply, should move to the 5495, 5499, HPFF8, or the new PS Series.

HPFF8(E), 5495 and 5499 power supplies - To ensure we optimize manufacturing and sourcing resources for the new PS Series, we will be discontinuing the other legacy power supplies listed in the table below, **with last order date of June 1, 2021 or while supplies last**. The final shipping date for these products will be June 30th, 2021 to ensure delivery. Please note that we are experiencing extended lead times on the current power supplies due to component shortages.

The HPFF8CM (E), HPFF12, HPFF12CM(E) products will continue to be available and are not impacted by this discontinuation.

With the high risk of products running out of stock prior to June 1st, please verify availability with Customer Service prior to ordering. It is highly recommended to switch open orders and new orders to the new PS series product line. Convert your open orders of legacy power supplies to PS series with a simple email to fire.custserv.us@honeywell.com with qty and Honeywell SO number. We recommend copying your BDM as well.

Existing Model Numbers for Phase Out	Description	Last Order Date	Replacement Board Available?	New PS Series Model Number	Short Description
005495	6 Amps, 4 outputs, Red Cabinet	June 1, 2021 or while supplies last	054950	SK-PS6	Red Cab, 6 Amps, 5 Outputs
005499	9 Amps, 6 outputs, Red Cabinet	June 1, 2021 or while supplies last	054990	SK-PS10	Red Cab, 10 Amps, 7 Outputs
HPF24S6	6 Amps, 4 outputs, Red Cabinet	Not available	FCPS-24S6RB	HPF-PS6	Red Cab, 6 Amps, 5 Outputs
				HPF-PS6B	Black Cab, 6 Amps, 5 Outputs
HPF24S6E	6 Amps, 4 outputs, Red Cabinet 240V Export	Not available	FCPS-24S6RB	HPF-PS6E	Red Cab, 6 Amps, 5 Outputs
HPF24S8	8 Amps, 6 outputs, Red Cabinet	Not available	FCPS-24S8RB	HPF-PS10	Red Cab, 10 Amps, 7 Outputs
				HPF-PS10B	Black Cab, 10 Amps, 7 Outputs
HPF24S8E	8 Amps, 6 outputs, Red Cabinet, 240V Export	Not available	FCPS-24S8RB	HPF-PS10E	Red Cab, 10 Amps, 7 Outputs
