GENT
by Honeywell

Technical Bulletin	TB 10112

To: Gent by Honeywell, System Integrators & SMS	Date: 24/7/07
	Status: Active
	Type: SI / SMS

Product – Part affected:
Addressable products minimum software levels

Details:
Please find attached a spread sheet showing the minimum software to run different addressable product.

The first tab shows the products and the panel variants they are supported on, versions shown are for LCC/MCC.
If they are supported the second tab then lists all the card versions needed for the panel

This list supersedes the listing in the FAQ section on GentExpert, these listings will be removed.

This database has also been added to the "/download/useful documents" section of GentExpert. As new products are released this document will be updated.

Action:
Ensure all relevant staff are aware of these changes.
