The new High-Speed Network Wire Modules will be available for shipment on October 19, 2020. Pricing for the new cards will remain the same as current models. All current open orders for the discontinued models will be cancelled. You must submit new orders for the HS-NCM-XXX-2 starting on October 12. Effective immediately, orders for the discontinued models will not be accepted.

The new modules will be available with UL, ULC, and FM listing upon release. We expect to receive CSFM listing end of October, and FDNY end of November.

Please work with the customer service team to submit orders for the new modules.

We appreciate your cooperation during this transition. Your regional sales manager has received a set of FAQs, so please do not hesitate to reach out to them should you have any questions about transitioning to the new models.

For any technical questions pertaining to the new or current High-Speed Network wire modules please contact Technical Service at 1-800-289-3473 or notifier.tech@honeywell.com.

Sincerely,
