# ONYXWorks v4.62 Release

NOTIFIER® is pleased to announce the release of ONYXWorks version 4.62. This release includes changes to simplify the ONYXWorks order and fulfillment process.

- ONYXWorks workstations which sit on the fire network (UL-PC installed with PC Network Card) will be shipped from our Northford CT factory with **new part numbers** (see Table A below)
    - The new part numbers include the UL-PC with PC Network Card and ONYXWorks software installed.
    - There is no price increase for these new part numbers.
    - Workstations from our factory will be offered in two Value-Add options:
        - **View + Control + MNS Paging functionality**
        - **View + Smoke Control functionality**
    - **Note:** The 'View+Control+MNS Paging' option replaces the current 'View+Control' offering for UL workstations shipped from our factory. The MNS Paging software feature will be included at no additional cost.
    - UL-Listed monitors can be ordered from Honeywell Customer Service.
    - As needed, the Workstation Paging Microphone (p/n NOTIFY-IP) can also be ordered from Honeywell Customer Service.
    - PC Network Cards will continue to be available for purchase separately as replacement parts.
- For all workstation installations using the NFN Gateway – p/n NFN-GW-EM-3, *(see Section 8 – ONYXWorks Installation & Operation Manual)*, you will now have the flexibility to purchase the workstation PC and monitor from a vendor of your choice or from Comark.
    - To purchase from Comark:
        - Step 1: Register for an account: https://store.comarkcorp.com/create-account
        - Step 2: Apply for credit: https://store.comarkcorp.com/credit
    - OW software can be purchased on-demand via CLSS Site Manager.
    - The NFN gateway (p/n NFN-GW-EM-3) can continue to be ordered from Honeywell Customer Service.
- Windows 10 Upgrade Kits (p/n WIN10-UG) for Comark PC's can be purchased directly from Comark (see links above)
