DECLARATION OF CONFORMITY

To the RoHS II directive (2011/65/EU)

Restrictions on the Use of Certain Hazardous Substances in Electrical and Electronic Equipment

Effective May 2014

I hereby confirm that System Sensor does not use any RoHS restricted materials during the manufacturing, storage or handling process. And to the best of our knowledge, the **B501RF** product do not contain any hazardous substances above the limits designated in the original RoHS Directive or any of its amendments. Namely lead, cadmium, mercury, hexavalent chromium, polybrominated biphenyl (PBB) and polybrominated diphenyl ether (PBDE) flame retardants.
Products mentioned are compliant with European Parliament Directives 2002/95/EC (RoHS) and 2011/65/EU (RoHS II) under Category 9 - Monitoring and Control Instruments. Products previously labeled as RoHS also meet RoHS II requirements.
