

easy access, easy video

Honeywell NetAXS-123 with video delivers truly affordable security

Next time your customers ask for a small access with video security system at an affordable price, suggest NetAXS-123 with video. It's ideal for one, two or three door sites, and now includes event driven recorded video options without the need for network or digital video recorders. Live video view and video footage playback is seamlessly integrated into the

NetAXS-123 web interface which minimizes operational costs. Installation is easy - simply plug it in, set it up and view video. Whether installing a new system or upgrading an existing system, choose NetAXS-123 with video. **Simple. Scalable. Flexible. And now with video it's even better.**
