

# nothing's more powerful...

## ...than an integrated Honeywell solution.

For more than two decades, Honeywell's security solutions have been chosen worldwide to protect people, property and assets. Honeywell's integrated Pro-Watch®, Vindicator® and MAXPRO® VMS solution combines visitor management, access control, video management and intrusion into one authoritative system. The integration offers a complete solution from one manufacturer and a comprehensive Command and Control design. It's built to withstand the most demanding and extreme environments, putting the power in your hands.
