

COMFORT AT FIRST SWIPE

From commissioning to comfort, one thermostat feels right with every swipe:
The Honeywell TC300 Commercial Thermostat

Honeywell TC300
Commercial Thermostat

Honeywell

PROFESSIONAL CAPABILITIES THAT PUT EVERYONE AT EASE

Delight your occupants with a thermostat that's lovely to behold, simple to use, and smart at adapting to their comfort preferences.

CONVENIENT FOR USERS

- Remote control via Honeywell Connect Me user app
- Simple screens and icons with a colorful status ring
- Customize what the display shows when inactive

EASY FOR CONTRACTORS

- Guided setup built into device, minimizing need for configuration training or user manuals
- System status and service mode functions enable faster diagnostics and commissioning
- Niagara tool enables fast, accurate BMS integration
- Faster commissioning via Connect Mobile App

CONNECTED FOR FACILITY MANAGERS

- Configurable user types and privileges
- Respond more efficiently to hot/cold calls with remote connected capabilities
- Save time and energy use with remote scheduling and synchronization

FLEXIBLE CONFIGURATIONS

- 24VAC and line voltage variants
- FCU modulating and on/off control
- 2H/1C air/water source heat pump, 1H/1C conventional applications
- Wired and wireless building automation integration

PRECISE EQUIPMENT CONTROL

Flexible configurations for most 2-pipe/4 pipe fan coil, 2H/1C heat pump, 1H/1C, 2H, 2C conventional applications

- On/off, floating, modulating, or 6-way valves
- Multi-speed or variable speed fan
- Building automation integration via BACnet®
- Dehumidification with reheat option
- MS/TP, MODBUS, BACnet® IP

ASHRAE COMPLIANT

Energy saving temperature control using ASHRAE Guideline 36-2021. High-Performance Sequences of Operations for HVAC Systems

Honeywell TC300
Commercial Thermostat

SKU	Supply Voltage	Onboard Sensors	Wireless/ Mobile Apps
TC300B-G	24VAC	Temp/Hum	No
TC303B-G		Temp/Hum/CO2/Occ	
TC320B-G		Temp/Hum	WiFi (Connect Me and Connect Mobile)
TC321B-G		Temp/Hum/CO2	
TC322B-G		Temp/Hum/Occ	
TC300C-G1*	110-240VAC	Temp/Hum	No
TC303C-G		Temp/Hum/CO2/Occ	
TC320C-G1*		Temp/Hum	WiFi (Connect Me and Connect Mobile)
TC321C-G		Temp/Hum/CO2	
TC322C-G		Temp/Hum/Occ	

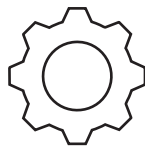

* New line voltage variants will replace TC300C-G and TC320C-G outside North America in 2026

COMMISSION FAST OPERATE FASTER WITH AN IPHONE TAP

Streamline your operations with real-time monitoring and automation—minimize callbacks and maximize efficiency

Fast Commissioning

Intuitive Control

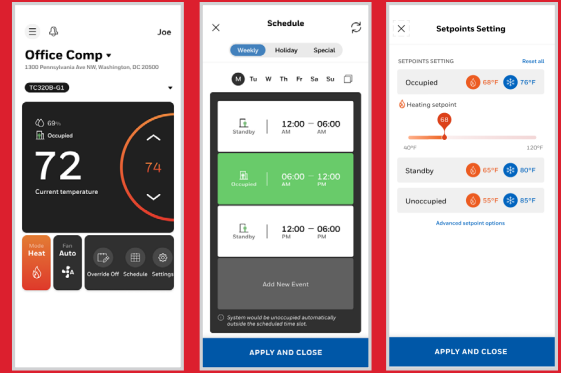

Remote Triaging

HONEYWELL CONNECT ME APP

- For Occupants, Site/Facility Managers and Building Owners
- Remote monitoring,
- Setpoint control, & scheduling
- Intuitive visuals for fast action
- Authorized access with a click of a button
