

**How to Read the Restriction Logic Table:**

Dotted lines = OR logic

Spaces within a restriction letter indicate AND logic

Example: Here you can only select something with an 'h' in the availability columns if:

you select option 1 in table 1.2,

OR option A in table 1.1 AND option 2 in table 1.2,

OR B, C, or D in Table 1.1 AND option 4 in table 1.2

h	1,2	1
	1,1	A
	1,2	2
	1,1	B, C, D
	1,2	4
