

Eclipse RHT

Indirect Air Heater

Version 1

Customer	Telephone	Fax
Date	Email	
Project Name	Application Description	
City	State	
Providence	Country	
Contact	Business/Industry Description	

Design Conditions:

Process Air Flow
Inlet Temperature °F
Moisture Content
Outlet Temperature °F
Other Information

Customer Design Requirements:

Process Air Pressure Drop Constraint

Operational Information:

Type of Fuel

Process Stream Contents

Corrosive Materials
 What
 Concentration
Particulate
