Proven Performance From Top To Bottom

CcSPF with Solstice® LBA is the ideal insulation choice for roofs

From easy, cost-effective installation to credits for project certifications (LEED, GREENGUARD, etc.), closed-cell spray foam insulation (ccSPF) is the smart choice for roofs. You'll get the R-value needed for energy savings backed by the long-lasting performance that keeps building owners happy.

SPRAY FOAM INSULATION IS THE PROVEN ROOFING SOLUTION

CcSPF has been providing superior insulation performance for more than 40 years. It's loaded with properties that make it perfect for roofing applications.

SUPERIOR PERFORMANCE

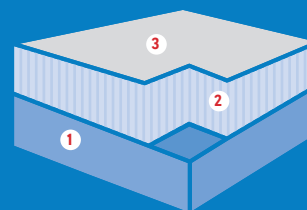

All-in-one thermal, air, and moisture barrier

Maintains thermal performance even in extreme hot or cold

>6 R-value at 1-inch thickness*

May contribute to LEED certification credits or other certifications

*Savings can vary. R-value is a term used to rate an insulation's ability to resist conductive heat transfer. The higher the R-value, the greater the insulating power. Ask your seller for a fact sheet for specific R-Values.

1. Roof Deck or Existing Roof

2. Spray Polyurethane Foam

3. UV Protective Coating

INSTALLATION EASE

No fasteners needed

Adheres to roofing substrate in a single layer

Reduces labor costs

LOW MAINTENANCE

Estimated 30+ year service life¹

Simple coating

Easy to repair, if needed

SELF-FLASHING

Conforms to all shapes

Contours around equipment and fills in cracks

No seams

HIGHLY DURABLE

Higher-density foam specific for roofing applications

Superior wind and storm resistance

Significant resistance to hurricane-force winds²

Earned severe hail rating from FM Global

LIMITED WASTE

Direct application — no tear-off required

No trimming needed

SUSTAINABLE

Superior insulating performance lowers energy costs

Cool roof finishes

Low global warming potential (GWP) foam blowing agents available

LEARN MORE

Honeywell Solstice[®] Liquid Blowing Agent is non-ozone-depleting with an ultra-low GWP of 1. For complete details on the insulating power, durability, and installation ease of ccSPF with Solstice[®] LBA, visit honeywell-solsticelba.com or contact your nearest spray foam supplier.
