

# INTRODUCING SOLSTICE® EZ FLUSH

High-Performance Replacement for  
Air Conditioning and Refrigeration Circuit Flushing

**Honeywell**

## EFFECTIVE CIRCUIT CLEANER, APPROVED FOR USE

To help support the shift to low global warming potential (GWP) flush solutions Honeywell introduced Solstice® EZ Flush.

Based on hydrofluoro-olefin (HFO) technology, Solstice® EZ Flush is the next-generation cleaning solvent from Honeywell to replace Hydrofluorocarbons (HFCs) and HFC-based flush blends in straight flush (open flush) refrigeration and air conditioning circuits in the following types of equipment:

- Transportation A/C and refrigeration, such as cars, trucks, buses, and trains
- Aerospace, such as airplanes and helicopters
- Residential and commercial A/C applications
- Commercial refrigeration systems
- Process chillers

## Effective Cleaning and Drying

Solstice® EZ Flush demonstrates consistent and high-performance solvency with a variety of oils, and dries completely and easily.

- Mineral oils
- Refrigerant oils
- Vacuum oils
- Fluorinated oils
- Heavy grease
- Cutting oils
- Silicone oils
- Silicone grease

## Environmentally Preferred, Next-Generation Technology

Solstice® EZ Flush is a hydrofluoro-olefin (HFO) solvent with an ultra-low GWP of 1, which is 99.9% lower than HFCs with a GWP ranging from 600 - 1700, equal to carbon dioxide, and is non-ozone-depleting.

## Easy to Handle

Solstice® EZ Flush is supplied in a pressurized cylinder for easy discharge of the solvent into the circuit. Technicians can use their existing procedures when flushing a circuit. Solstice® EZ Flush is nonflammable (ASTM E-681) and has very low toxicity.

## Cleaning Performance

|                    | TYPICAL REFRIGERANT LUBRICANTS |           |           |
|--------------------|--------------------------------|-----------|-----------|
|                    | Mineral Oil                    | POE       | PAG       |
| Solstice® EZ Flush | Very Good                      | Very Good | Very Good |
| Nitrogen           | Poor                           | Poor      | Poor      |
| R-22               | Good                           | Good      | Good      |
| HCFC-141B          | Very Good                      | Very Good | Very Good |
