Overview

Key Features

The Lamexplus line features Apron or Tunic made of aluminium plates.

COMFORT

The small size of the aluminium platelets increases the suppleness of the tunic considerably, bringing it close to that of a chainmail apron. Easy to slip on and off. Unique chainmail shoulder strap design, the weight is ideally distributed over a large surface for optimal comfort.

SAFETY

The LAMEX PLUS platelets ensure sturdiness in all conditions for models providing the utmost safety. The tunic wraps completely around the chest to ensure constant protection, from the neck down to the mid-thigh.

Recommended Industries/Use

- Food Services

Hazards

- Cut / Puncture
