

7600 Series Full Face Mask

Product description

The Honeywell 7600 full face piece features the same craftsmanship and design details that made the 7700 half mask the most popular mask on the market. It all adds up to a mask with superior fit, comfort and reliability.

FEATURES

- Silicone mask provides all day comfort
- Speech diaphragm is standard which amplifies workers' conversations in noisy work environments
- Dual flange sealing area provides a wider sealing area with added flexibility for difficult to fit faces
- Five strap head harness—Centre strap helps to position and hold the mask for a more secure fit even during strenuous jobs requiring lots of movement
- Nose cup is standard which means less dead air space for increased worker comfort and productivity. Channels exhaled breath meaning lens does not fog up
- Chin cup positions the face piece correctly for a more secure fit
- Lens offers 200° field of vision, from a wider viewing area in all directions plus downward view facilitates going up and down ladders

APPLICATIONS

- Suits various applications requiring respiratory protection against various contaminants
