

SPACEL[®] C MEDIUM PROTECTIVE COVERALLS

Honeywell Spacel[®] C Medium single-use coveralls are designed to protect against liquid in the form of jets, spray and particles, including biological/infective agents.

Elasticated wrists and ankles

3-piece elasticated hood

Sewn seams

Dual slider zippers

Tear resistant crotch design

Anti-static, silicon and latex free

Protective knee pads

Sewn and taped seams

Double flap and double zipper

ENHANCED PROTECTION AND ERGONOMICS

- Chemical protection Type 3-B, 4, 5 and 6, Category III
- Certified against biological agents
- Stitched and taped seams, with adhesive outer flap
- Double flap and double zipper for optimum protection
- Knee pads
- Very good resistance to tearing and liquid penetration
- Excellent visibility with bright colour
- Polypropylene laminated with polyethylene film. Weight: 80g/m³

ERGONOMICS OF HONEYWELL COVERALLS

The Honeywell range of single-use protective coveralls include Mutex[®] E-light, Mutex[®] Light+, Spacel[®] C4 and Spacel[®] C Medium. While each product provides different levels of protection, they share the following features.

- Lightweight and comfortable
- Tear resistant crotch design
- 3-piece elasticated hood
- Silicone and latex free
- Dual slider zip
- Elasticated wrists and ankles

APPLICATIONS

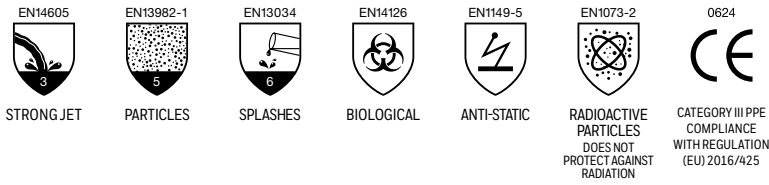

- Asbestos removal
- Chemical handling/decontamination
- Chemical/Petrochemical industry
- Civil engineering
- Disease protection
- Food industry cleaning
- Industry cleaning/maintenance
- Pharmaceutical industry
- Tank cleaning

Honeywell
