

Product Family
Roughneck P1

Featuring a full brim design for added protection and comfort, the P1 is the latest addition to the Roughneck series of injection-molded fiberglass hats and caps. Built for strength, toughness and durability, the Roughneck series has earned a solid reputation on construction sites, in steel plants, foundries, forges, fabrication shops, chemical plants and other extreme environments across the globe.

Overview

Key Features

- Patented SuperEight suspension balances and spreads weight over wide area for added comfort and protection
- Proprietary injection-molded fiberglass is 8X stronger than common high density polyethylene (HDPE) shells
- Injection-molded solid color resin provides a permanent, no-chip, no-peel finish, and is available in nine popular colors
- Best-in-class heat resistance. Impact resistant in extreme temperatures of up to 370°F/188°C
- Available in 9 popular color options. See brochure for complete details and ordering information

Recommended Industries/Use

- Agriculture
- Chemical
- Construction
- Manufacturing
- Mining
- Municipal Services
- Oil and Gas
- Pharmaceutical
- Steel and Metals
- Transportation
- Utilities

Hazards

- Extreme Environment
- Impact

Regulations

- ANSI - Meets ANSI Z89.1-2014, Type I Class G
- CSA - CSA Z94.1-2005, Type I Class G
