

Miller Tower Climbing Harness and Accessories

• Radio • Cellular • TV

Miller® Tower Climbing Harnesses and Accessories, featuring the innovative Miller Revolution™ Harness, are designed to meet specific safety and functional needs for those required to climb towers. Specially-designed harness suspension loops provide greater mobility as well as aid in work positioning.

The uniquely-designed, integrated accessory options allow a worker to customize tool pouches with our easy snap-on/off technology. And available for the first time, add or remove a fully-padded rigid seat in the field for greater flexibility and increased productivity.

Meets applicable OSHA, ANSI and CSA requirements.

Miller Tower Climbing Harness
