Fendall 2000™ Heated Accessory

Item # 32-002001-0000

Fendall 2000 Heated Accessory is the first of its kind and offers an innovative solution to the challenges presented by workplace environments that are extremely cold or vary due to seasonal weather changes. Made of sturdy, long-lasting vinyl and tested and approved for use in temperatures as low as -40°, the heated accessory maintains the cartridge solution at a tepid temperature as required by the ANSI Z358.1-2009 standard.

FEATURES:

- For use both indoors and outdoors for the greatest flexibility
- Tested and approved for temperatures as low as -40°, making emergency eyewash available to workers even in extreme cold environments
- Powered by a built-in 110 volt, UL/ CSA-certified, GFCI-protected heater for the highest levels of safety
- Utilizes environmentally friendly heat-spreading technology for efficient heat distribution and minimized energy requirements

Perfect for:

- Outdoor worksites during cold weather months
- Low temperature work areas, such as freezers

Sperian Universal Eyewash Stand

Item # 32-001065-0000

The Universal Eyewash Stand presents a flexible option for installing portable eyewash units near workplace hazards. It allows a unit to be moved when hazardous locations change. The stand mounts securely to floor surfaces, preventing displacement of a unit in high traffic environments.

FEATURES:

- Inexpensive alternative to wall mounting
- Can be mounted to floors or left free-standing
- Lightweight, sturdy steel tubing design (25 lbs.)
- Assembles in less than 5 minutes, all assembly parts are included
- Designed for use with Sperian units and most competitive portable devices

*Universal Eyewash Cart
also available.
Item # 32-001060-0000*

Sperian Universal Bottle Mounting Device

Item # 32-000435-0000

Sperian delivers an alternative way of adhering personal eyewash bottles to walls, machines, forklifts, and doors for emergency use as a worker's hazardous location changes. This device is a compact, versatile and inexpensive option to provide employees with quick relief until the injured can be helped to a primary eyewash device or until medical care can be reached.

FEATURES:

- Expandable strap holds various personal eyewash bottle sizes
- Magnetic and adhesive backing to adhere to surface. Holds up to 32oz
- Can be mounted for permanent placement
- Easy installation, takes less than one minute
- Fits all Sperian personal eyewash bottles as well as most competitor bottles

High Humidity Brace for Fendall Pure Flow 1000® Saline Cartridges

Item # 32-001053-0000

This brace helps prevent Fendall Pure Flow 1000 Saline Cartridges from bowing or deterioration caused by uncontrolled humid environment conditions.* It now allows the Fendall Pure Flow 1000 unit and its cardboard saline cartridges to withstand high humidity environments that cannot be easily regulated.

FEATURES:

- Designed for units located in high humidity moisture levels of 80% and higher

* Please note that even with the High Humidity Brace, the Fendall Pure Flow 1000 unit is not designed for outside usage. Sperian Protection is not responsible for any damage which results from the unit being stationed outside.
