

The Genesis S (Slim) is the latest addition to the number one selling eyewear family on the market today. Adding to the comfort, performance and style of the Genesis family, the Genesis S (Slim) offers a 6% smaller frame for workers with slimmer facial profiles. Once again, we've made it easier to fit more workers with the best selling safety eyewear in the world. More faces. More choices. More compliance.

SAFETY EYEWEAR

Genesis[®] S (Slim)

UVEX[™]
by SPERIAN

Genesis[®] S (Slim)

High Performance

- Wrap-around, 9-base uni-lens style for uncompromised peripheral vision and coverage
- Available with Dura-streme™ dual coating technology which combines our two best lens coatings — Uvextreme® anti-fog on the interior and Ultra-dura® anti-scratch on the exterior — for 3x longer lens life*
- Offers highest available impact protection: ANSI Z87.1-2003 (High Impact), CSA Z94.3 and military V₀ ballistic impact test (protection against impact energies 7x higher than ANSI requirements)
- Available in Clear, Amber, Gray, Dark Gray, and SCT-Reflect 50 lens tints

Superior Comfort & Fit

- Frame and lens are 6% smaller than Genesis® to fit slimmer facial profiles
- Soft brow guard absorbs and diffuses impact energy
- Soft, flexible “fingers” on nosepiece conform to a variety of facial profiles and minimize slippage
- Padded temple and tips provides all-day comfort

Product Platform Advantages & Value

- Economical and easy lens replacement system allows for multiple lens tints and extends the life of the eyewear
- Multiple models in a family offers standardization while offering workers choice
- Lifetime frame guarantee

Ventilation channel between the frame and lens vents the eye socket area to deliver an outstanding level of moisture and fog control.

Ratcheting temples adjust inclination to allow customized fit.

Easy lens replacement system and task-specific tints provide flexibility and value.

Soft, flexible nose fingers for a comfortable fit and reduced slippage.

*Comparative lens life test performed using a Bayer Abrasion Test method and may vary between environment and application.

Genesis® S (Slim)

Clear — Ideal for most indoor work applications

Amber — Ideal for low-light applications where enhanced contrast is needed

Gray — Minimizes outdoor sunlight and glare

Dark Gray — Minimizes eye fatigue due to outdoor sunlight and glare

SCT-Reflect 50 — Light mirror coating is ideal for varying light conditions

All Uvex® lenses offer 99.9% ultra-violet protection.

Uvextreme® anti-fog coating performs under the most extreme conditions and will not wear off after repeated cleanings. It is permanently bonded to the lens and retains anti-scratch, anti-static and UV protection properties. Ultra-dura® hard coat is permanently bonded to the lens and is scratch-resistant and chemical-resistant. Uvex Dura-streme™ lenses combine our two best lens coatings on one lens: Ultra-dura on the exterior and Uvextreme on the interior to provide up to 3x* more lens life.

*Comparative lens life test performed using a Bayer Abrasion Test method and may vary between environment and application.
