	1003439	RM harness Full body harness, elasticated shoulder straps, front anchorage loops, suspension loop, back D ring, positioning belt, automatic buckles, size M/L

Overview

Key Features

Made from a specially formulated elasticated webbing, this stretch harness conforms to the shape of the operator for improved comfort and maneuverability.

The padded leg straps and belt provide excellent support for the operator, allowing him to work in a comfortable supported or semi-suspended hands-free position.

The front anchorage loops provide an ergonomic anchorage point for use with a rope grab or shuttle.

Recommended Industries/Use

- Utilities

Hazards

- Fall from height

Regulations

- All Miller harnesses are CE certified and comply with EN 361 and, 1where necessary, with EN 358 and EN 813
