

Technical Specifications

Söll MultiRail® Bracket

Description:

The intermediate anchors are appropriate for handrail, floor level and overhead installations of Söll MultiRail® rails as well as for round structures. Teflon inserts allow the rail to glide smoothly inside the brackets. The rail is not subject to any constraint and therefore compensates for thermal expansion.

Reference:

- 17489 / 1013483

Material:

- Stainless steel 316 (A4)

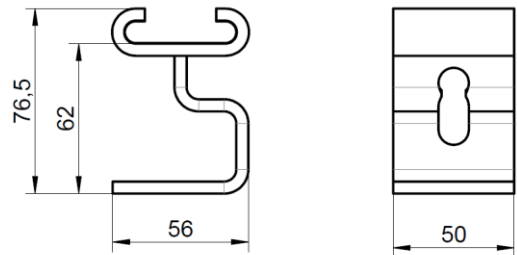

Technical characteristics:

- Dimensions: 50x76,5x56 mm
- Weight: 400 g
- Volume: 0.052 dm³
- Breaking strength: > 25kN
- Operating temperature: -50 to +90°C

Certifications:

- Söll MultiRail® components are tested according to EN 795:2012 type D and the additional tests CEN/TS 16415:2013

Quality control:

- Manufacturing according to EN ISO 9001
- Quality check for each part
