

▶ ▶ ▶ CHAINEXTWO® HYBRID TUNIC — 4CSRC3GXB302

PRODUCT INFORMATION

This ChainexTwo tunic is made from a tight mesh of welded stainless steel rings, ensuring better protection against sharp knives and is combined with a SL titanium sleeve for outstanding ergonomics.

PRODUCT FEATURES

- ⇒ Torso made of stainless steel mesh (small chain mail), protective level 2 (EN 13998).
- ⇒ The sleeve is attached for continuous protection from wrist to chest, protective level 1 (EN 13998) and EN 1082-1 (identical to the protection offered by a chain mail glove).
- ⇒ Titanium is used for the sleeve to reduce stress on the user's neck due to the weight of the mail.
- ⇒ Patented Chainexpert type wrist spring.
- ⇒ Plastic back fastening system for quick attachment and adjustment.
- ⇒ 2 plastic belts, adjustable and removable.
- ⇒ The tunic entirely wraps the torso and ensures a continuous protection from neck to mid-thigh, as well as wrist to shoulder. Tight mesh guarantees the best protection against very pointed knives.
- ⇒ This tunic is easy to slip on and take off, inciting the user to wear it systematically.
- ⇒ Reversible, therefore suitable for left-or-right handed persons.
- ⇒ The exceptional quality of the ring mail significantly reduces the number of repairs in comparison to other products.

APPLICATIONS

- ⇒ Food Handling
- ⇒ Food processing
- ⇒ Meat and poultry industries
- ⇒ Restaurants
