## Översikt

### Viktigaste egenskaperna

VeriPRO makes it easy to get an accurate, real-world picture of your employees' hearing protection. Find out whether your employees are receiving optimal protection, require additional training on how to fit their earplugs, or need to try a different model. VeriPRO uses sophisticated software in a user-friendly format to find out the Personal Attenuation Rating [PAR] your employees are receiving from their earplugs.

- Measures real world attenuation by using unmodified earplugs • Simple software installation and hardware set-up
- Fast, accurate, easy-to-understand results displayed within minutes
- Captures and stores historical information on employee PAR
- Fulfills regulatory requirements to "ensure proper initial fitting" of hearing protectors
- Works with any earplug

### Rekommenderade branscher/rekommenderat användningsområde

- Annat • Jordbruk • Kemi • Byggindustri • Livsmedel • Skogsvård • Myndigheter • Polis
- Tillverkning • Sjukvård • Militären • Gruvdrift • Kommunala tjänster • Olja och gas
