N06575001L

**Honeywell class 1 plastic cartridge A1**

The A1 cartridge is part of the large choice of cartridges offered to protect against many hazardous gases and vapors in many applications. The Honeywell range provides high quality and a cost-effective protection. The A1 cartridges of class 1 Honeywell range are tested against the European standard EN14387. 73.9 g.

N06575081L

**Honeywell class 1 plastic cartridge A1P3**

The A1P3 cartridge is part of the wide range of cartridges offered to protect against many hazardous gases, vapors and/or particulates in many applications. The Honeywell range provides high quality and a cost-effective protection. The cartridges of Honeywell range are tested against standards EN14387 and EN143. 92.5 g.

N06575084L

**Honeywell class 1 plastic cartridge K1P3**

The K1P3 cartridge is part of the range of cartridges offered to protect against many hazardous gases, vapors and/or particulates in many applications. The Honeywell range provides high quality and a cost-effective protection. The cartridges of class 1 Honeywell range are tested against the European standards EN14387 and EN143. 121.7 g.

N06575089L

**Honeywell class 1 plastic cartridge A1B1E1K1P3**

The A1B1E1K1P3 cartridge is part of the wide range of cartridges offered to protect against many hazardous gases, vapors and/or particulates in many applications. The Honeywell range provides high quality and a cost-effective protection. The cartridges of class 1 Honeywell range are tested against the European standards EN14387 and EN143. 122.3 g

N06575009L

**Honeywell class 1 plastic cartridge A1B1E1K1**

The A1B1E1K1 cartridge is part of the wide choice of cartridges offered to protect against many hazardous gases, vapors in many applications. The Honeywell range provides high quality and a cost-effective protection. The cartridges of class 1 Honeywell range are tested against the European standards EN14387. 99.6 g.

### Honeywell Class 1 plastic cartridge K1

The K1 cartridge is part of the wide choice of cartridges offered to protect against many hazardous gases, vapors in many applications. The Honeywell range provides high quality and a cost-effective protection. The cartridges of class 1 Honeywell range are tested against the European standards EN14387. 102.1 g.

N06575003L

### Honeywell Class 1 plastic cartridge A1B1E1

The A1B1E1 cartridge is part of the wide choice of cartridges offered to protect against many hazardous gases, vapors in many applications. The Honeywell range provides high quality and a cost-effective protection. The cartridges of class 1 Honeywell range are tested against the European standards EN14387. 103.9 g.

N06575083L

### Honeywell Class 1 plastic cartridge A1B1E1P3

The A1B1E1P3 cartridge is part of the wide range of cartridges offered to protect against many hazardous gases, vapors and/or particulates in many applications. The Honeywell range provides high quality and a cost-effective protection. The cartridges of class 1 Honeywell range are tested against the European standards EN14387 and EN143. 122.5 g.

N06575008

### Honeywell plastic cartridge P3

The P3 cartridge is part of the wide range of cartridges offered to protect against many hazardous gases, vapors and/or particulates in many applications. The Honeywell range provides high quality and a cost-effective protection. The cartridges of Honeywell range are tested against standard EN143.

N7500P3

### Round filter P3

Flexible P3 filter to be used with class 1 N series filters, using the adapter N06575035

N7500P3O

### Round filter P3 with odor removal

Flexible P3 filter with odor removal to be used with class 1 N series filters, using the adapter N06575035

N06575001A2P3

### Honeywell plastic cartridge A2P3

The A2P3 cartridge is part of the wide range of cartridges offered to protect against many hazardous gases, vapors and/or particulates in many applications. The Honeywell range provides high quality and a cost-effective protection. The cartridges of Honeywell range are tested against standard EN14387.

N06575001A2

### Honeywell plastic cartridge A2

The A2 cartridge is part of the wide range of cartridges offered to protect against many hazardous gases, vapors and/or particulates in many applications. The Honeywell range provides high quality and a cost-effective protection. The cartridges of Honeywell range are tested against standard EN14387.

## Översikt

### Viktigaste egenskaperna

- Performance requirements for gas above standard for excellent filtration efficiency over extensive period of time.
- Lower profile and lightweight for an optimal comfort.
- Low profile so as not to obstruct the field of vision.
- Threaded connector easy to attach.
- Small opening for easy check up.
- Packed by pairs.

### Rekommenderade branscher/rekommenderat användningsområde

- Jordbruk
- Kemi

#### Föreskrifter

- EN14387 - Anti gas filters and combined filters.
