FEATURES AND BENEFITS

COMFORT

The knitting technique helps to obtain a glove that conforms snugly to the hand, with good dexterity. The glove offers maximum comfort and added sturdiness. The tight knit gives the glove perfect support, limits the penetration of dirt and offers a good touch. The ventilated back optimises the glove's breathability. The knitted and elasticated wrist gives the glove good support

RESISTANCE

The cotton polyamide thread offers excellent comfort. The nitrile coating at the palm and fingertips provides outstanding abrasion resistance and impermeability to oils.

HYGIENE

Its black colour makes it more soilproof, thus ensuring a longer last.
