

HONEYWELL PERFECT FIT GLOVES

Balance protection with dexterity, cut protection, comfort and grip

CHOOSE SAFETY GLOVES THAT PROVIDE THE PERFECT FIT

The Honeywell Perfect Fit gloves are engineered to be lightweight, glass fiber-free, and coated with a specialty engineered Polyurethane (PU); this PU coating is designed with a low level of dimethylformamide (DMF) which protects your workers at a higher level.

INDUSTRIES

- Automotive
- Machinery and Equipment
- Metal Fabrication
- Warehousing and Logistics
- Manufacturing
- Construction
- Transportation

APPLICATIONS

- Handling sharp objects
- Painting and surface inspections
- Chassis assembly
- Mounting and dismantling
- Maintenance
- Fastening components and parts

We engineered the Honeywell Perfect Fit Gloves using advanced technologies and unique features.

The gloves are designed to help workers perform at their best with enhanced comfort, dexterity, grip and protection.

Low content level of dmf (<100)

Color coded markings

QR code with quick access to tech info

Silicon-free option

Coating breathability

Glass-fiber free for comfort

Light weight

Washable (up to 5 cycles of washing)

High grip performance
