T425 “Sensi-Task” Series of Disposable Gloves

T425

Product Description:

T425 “Sensi-Task” is a series of disposable gloves made of natural rubber material. Natural rubber latex may contain proteins that may cause allergies. This series offers superior dexterity and sensitivity. It is also available in both slightly powdered or powder free gloves. “Sensi-Task” T425 series is ideal for general industrial inspection, laboratory work, food processing and sanitation applications.
