

THERE'S MORE TO DETECT

Detectable Hearing Solutions
from Honeywell Howard Leight™

Honeywell
HOWARD
LEIGHT

DETECTABLE HEARING PROTECTION

Everyone's ear is unique, and with five different options to choose from, Honeywell has a detectable earplug for every worker. From single-use to push-in foam reusables to pre-molded flexible flange, there is a detectable earplug solution that will provide your workers with optimal comfort, fit, and function.

WHEN CONTAMINATION IS UNACCEPTABLE

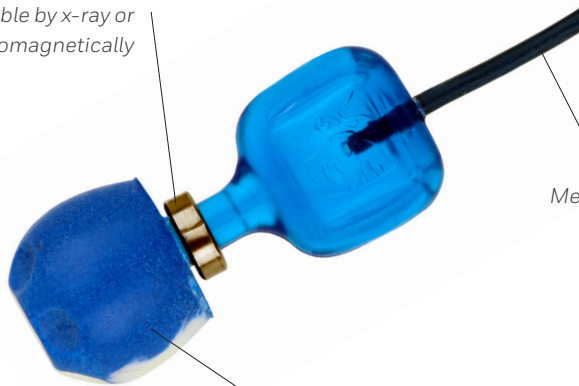

With the Honeywell Howard Leight™ full line of detectable earplugs, available with a variety of detectable features that assist with visual and automated compliance, we have a detectable solution to meet all your workers' needs.

Easy insertion, great fit

Designed for process industries such as food, beverage, and paper and pulp, Honeywell Howard Leight's detectable earplugs provide all day comfort.

Detectable by x-ray or electromagnetically

Metallic cords

Brightly colored for easy visual detection

A SOLUTION FOR EVERY WORKER
