BRING IT ON

by Honeywell

Oliver footwear stands for quality, comfort and protection. Oliver is the professional and safety footwear brand that brings its unique history of superior craftsmanship and experience in the most extreme working conditions to design the ultimate combination of rugged and comfortable work boots. With these boots workers can conquer any challenge their jobs may bring, demonstrate their qualities as true professionals, and take pleasure in the superior equipment they rely on every day.

Since 1887 the boot makers at Oliver have been crafting, perfecting, and building Australia's leading safety boots and shoes. That's over 125 years of protecting workers in extreme work environments and rough weather conditions. Oliver boots began from the need of the mining worker; from there Oliver evolved into a full line of heavy duty work boots built for most industries, but with specific features that would benefit workers in the Mining, Oil and Gas and Heavy Metal Fabrication Industries. In the Oil & Gas Industry, Oliver provides superior protection from harsh chemicals, extreme temperatures, slippery conditions, and unexpected contact with abrasive surfaces or heavy machinery. Oliver boots technologically advanced features, like the soft, flexible PORON inserts and NONOlite footbed make Oliver footwear one of the most comfortable and globally requested work boots in the marketplace.

Sole Features

Heat resistant sole (266° F)

Heat resistant sole (572° F)

Abrasion resistant sole

Cut resistant sole

Slip resistant sole

Sole resistant to mineral oils and acids

Sole resistant to organic oils and fats

HYDRO*stop* 3 year guarantee against hydrolysis

Electrical resistant

Antistatic discharges static build-up

Comfort Features

COMFORT*cushion* impact absorption

NANO*lite* footbed

Toecap Features

NATURE*form* wide profile type 1 safety toe cap

Steel safety toe cap

Hi-Impact ALLOY toe cap 40% lighter

Composite toe cap

Special Features

Waterproof footwear

Toe bumper

Sole penetration protection

Metatarsal protection

Hi-Vis reflective safety trim

SAFETY*cell* protection

Water resistant leather

Tec*tuff* toe and heel guard

Comfort Technology

NANOlite Technology

The Oliver Comfort System now has a unique NANOlite footbed for greater comfort and well-being. The gently raised surface of the sole massages your feet as you walk, promoting greater blood flow to help reduce fatigue. Plus, a perforated foam air control layer enhances air circulation, reducing odor.

COMFORT cushion Impact Absorption System

Oliver's unique COMFORT cushion uses a combination of cellular urethane and PORON® Performance Cushioning technology to protect the heel and ball of the foot, providing superior cushioning and shock absorption at the heel. This constant impact absorption helps reduce foot, leg and lower back fatigue.

oil & gas

65-390 Tan, leather, lace up, 6 in (150 mm)

- Chemical and liquid resistant leather upper with TPU reinforcement for excellent protection from oils and minerals
- NATUREform steel toe cap has a wider profile and latex cushion liner to ensure toes are comfortable and not in direct contact with the cap
- NANOlite and COMFORTcushion technology enhance comfort and reduce leg fatigue
- Heavy duty Kevlar stitching on critical seams for extra reinforcement and longer life
- Meets ASTM F2413-11 M I/75 C/75 SD
- Available sizes: 6-15 / 7½-11½

65-392 Tan, leather, lace-in quick release zipper closure, 8 in (200 mm)

65-393 Tan, leather, pull-on riggers boot with large, easy grip loops, 10 in (250 mm)

- Chemical and liquid resistant leather upper with TPU reinforcement for excellent protection from oils and minerals
- PORON® XRD™ metatarsal guard is soft and flexible for outstanding comfort, but hardens upon impact for top-rated protection
- NATUREform steel toe cap has a wider profile and latex cushion liner to ensure toes are comfortable and not in direct contact with the cap
- NANOlite and COMFORTcushion technology enhance comfort and reduce leg fatigue
- Heavy duty Kevlar stitching on critical seams for extra reinforcement and longer life
- Meets ASTM F2413-11 M I/75 C/75 MT/75 SD
- Available sizes: 6-15 / 7½-11½

PORON® XRD™ Metatarsal Guard – Extreme Impact Protection.

PORON XRD is not only comfortable, flexible and lightweight but frees you of rigid, bulky and constricting padding. On impact, the PORON XRD high performance molecules create a unique protective shield that absorbs up to 90% of the most intense force* - hit after hit. **(As measured according to ASTM-F1614-C)*

NATUREform

Type 1 Toe Cap Oliver NATUREform toe caps have a wide profile shape to suit your foot and are padded with a latex cushion liner to ensure toes are comfortable and not in contact with the cap.

mining

22-205 Green, PVC gumboot

- Green PVC gumboot is seamless for 100% waterproof protection
- Steelflex steel midsole penetration protection for underfoot safety
- Metprotect Metatarsal protection, patented inbuilt design to protect the impact strike zone
- NATUREform steel toe cap has a wider profile and latex cushion liner to ensure toes are comfortable and not in direct contact with the cap
- NANOlite and COMFORTcushion technology enhance comfort and reduce leg fatigue
- Two trim heights
- ASTM F2413-11 M I/75 C/75 MT/75 PR EH

65-690 Black, leather, lace up, 10 in (250 mm)

65-691 Black, water-resistant leather, lace up, 14 in (350 mm)

- PORON® XRD™ metatarsal guard is soft and flexible for outstanding comfort, but hardens upon impact for top-rated protection
- Qflex Zero, non-metallic puncture protection for underfoot safety
- Heavy duty Nomex heat and flame resistant stitching for added reinforcement and longer life
- SYMPATEX waterproof liner keeps feet dry and comfortable
- Fully lined with padded comfort collar and padded, full-bellows tongue
- Outsole is heat-resistant up to 572° F (300° C) and chemical-resistant to mineral oils, acids, alkalies, animal fats and oils
- Optional lace in zipper attachment for style 65-691 (sold separately)
- Meets ASTM F2413-11 M I/75 C/75 MT/75 SD PR
- Available sizes: 6–15 / 7½–11½

heavy-metal fabrication

25-299 Black, water-resistant leather, lace up, 6 in (150 mm)

- Heat resistant and flame retardant leather providing excellent protection from hot metal
- Hook and eye closure system for ease in donning or doffing
- NATUREform steel toe cap has a wider profile and latex cushion liner to ensure toes are comfortable and not in direct contact with the cap
- NANOlite and COMFORTcushion technology enhance comfort and reduce leg fatigue
- Nitrile, dual soling has a soft interior for comfort and a high-density outer for durability and abrasion resistance; can withstand heat up to 572° F (300° C)
- Metatarsal guard for impact protection
- Three rows of heavy duty Kevlar® stitching for added durability and longer life of your boot
- Fully lined with padded comfort collar
- ASTM F2413-11 M I/75 C/75 MT/75 EH
- Available sizes: 6-15 / 7½-11½

55-246 Black, water-resistant leather, lace up, 6 in (150 mm)

- PORON® XRD™ metatarsal guard is soft and flexible for outstanding comfort, but hardens upon impact for top-rated protection
- Qflex Zero, non-metallic puncture protection for underfoot safety
- NATUREform steel toe cap has a wider profile and latex cushion liner to ensure toes are comfortable and not in direct contact with the cap
- NANOlite and COMFORTcushion technology enhance comfort and reduce leg fatigue
- Heavy duty Kevlar stitching for extra reinforcement and longer life
- Fully lined with padded comfort collar and tongue
- Meets ASTM F2413-11 M I/75 C/75 MT/75 PR EH
- Available sizes: 6-15 / 7½-11½

construction & general purpose

55-232 Wheat, water-resistant leather, lace up, 6 in (150 mm)

- NANOlite and COMFORTcushion technology enhance comfort and reduce leg fatigue
- NATUREform steel toe cap has a wider profile and latex cushion liner to ensure toes are comfortable and not in direct contact with the cap
- Fully lined with Padded comfort collar and tongue
- Meets ASTM F2413-11 M I/75 C/75 SD
- Available sizes: 6-15 / 7½-11½
