

The all-in-one solution in protective eyewear, Genesis XC eyewear sets the standard for extra coverage and extra comfort on the job. Its design extends protection and offers more than 180 degrees of peripheral coverage. Additionally, its ergonomically balanced MMT — Multi-Material Technology® frame provides exceptional all-day comfort. With the Rx lens insert, it offers an alternative for workers requiring vision correction. It holds Rx lenses snugly inside the comfortable Genesis XC eyewear, shielding expensive prescription lenses from damage. The Genesis XC provides all-day comfort and coverage, and especially for prescription lens wearers, nothing protects like Genesis XC with the Rx lens insert.

SAFETY EYEWEAR

Genesis XC™

UVEEX™

by Honeywell

Genesis XC™

High Performance Protection

- Extended wrap-around lens for extra cheek and extra side coverage (up to 20% more than the standard Genesis® lens)
- Available with Dura-streme™ dual coating technology which combines our two best lens coatings — Uvextreme® anti-fog on the interior and Ultra-dura® anti-scratch on the exterior — for 3x longer lens life*
- Offers highest available impact protection. Meets ANSI Z87.1-2003 (High Impact) and military V₀ ballistic impact test (protection against impact energies 7x higher than ANSI requirements)
- Certified to meet CSA Z94.3 standards
- Available in a wide range of lens tints to address the needs of a variety of work environments

Superior Comfort & Fit

- Soft elastomer browguard diffuses and deflects impact while providing comfort at all contact points

- Soft flexible fingers on the nose piece adjust and conform to almost any nasal profile to reduce slippage
- Adjustable, ratcheting temples allow customized lens inclination and fit
- Cushioned temple tips offer all-day comfort

Product Platform Advantages

- Economical and easy lens replacement system allows for multiple lens tints and extends the life of the eyewear
- Optional Rx lens insert holds prescription lenses securely, and accommodates a variety of Rx needs, including bifocals, trifocals and progressive lenses. With a classic screw closure, it easily fits prescriptions ranging from +3.0 to -3.0 D and offers an economical option for workers who require vision correction
- Multiple models in a family offers standardization while offering workers choice
- Lifetime frame guarantee

Ratcheting temples permit the lenses to be tilted away from the cheeks and allow wearer to modify the angle, ensuring customized fit and comfort.

Soft, flexible nose fingers conform to fit a variety of nasal profiles.

Cushioned temples for non-slip fit and all-day comfort. Adjustable temple length allows individual worker customization for added comfort.

Extended 9-base wrap-around lens provides up to 20% more coverage around the eyes and cheeks than the standard Genesis® lens.

*Comparative lens life test performed using a Bayer Abrasion Test method and may vary between environment and application.

Genesis XC™

Clear — Used for most indoor work applications

Gray — Minimizes eye fatigue due to outdoor sunlight and glare

Amber — For low-light applications where enhanced contrast is needed

Silver Mirror — Deflects sunlight and glare

SCT-Vermilion — For indoor applications where contrast is needed, such as inspection

SCT-Blue — For applications with high levels of sodium vapor lighting

SCT-Reflect 50 — Light mirror coating for varying light conditions

SCT Gray — Minimizes outdoor glare and offers true color recognition

SCT-Low IR — When peripheral IR protection is required

Infra-dura® Welding — Available in shades 2.0, 3.0 and 5.0 for welding, brazing and cutting

All Uvex® lenses offer 99.9% ultra-violet protection.

Master Case Dimensions: 18" x 13 1/4" x 10"

Uvextreme® anti-fog coating performs under the most extreme conditions and will not wear off after repeated cleanings. It is permanently bonded to the lens and retains anti-scratch, anti-static and UV protection properties. Ultra-dura® hard coat is permanently bonded to the lens and is scratch-resistant and chemical-resistant. Uvex Dura-streme™ lenses combine our two best lens coatings on one lens: Ultra-dura on the exterior and Uvextreme on the interior to provide up to 3x more lens life. Advanced TPE formulation performs exceptionally well in environments where chemical mist, cutting oils and high moisture are present.
