

>>> HAND PROTECTION WITH A PERFECT FIT

Comfortrel™ Sleeve

Sperian Comfortrel sleeves feature improved fit and comfort. Comfortrel sleeves are now more comfortable than ever with improved elasticity and memory, without sacrificing the high-level of cut protection.

The soft fibers of Comfortrel sleeves help to wick away moisture, keeping arms cool in warm working conditions. Sleeves are easy to wear, but tough to wear out.

Features

- ANSI ASTM cut level 4
- 2-ply cut resistant sleeve
- Economical blend of proprietary fibers
- Available in a variety of lengths and configurations
- Cut-resistance is nearly twice as high as aramid sleeves
- Styles with thumb hole help to hold sleeve in place and offer increased protection in the palm area
