TACTICAL EYEWEAR

UVEX GENESIS®
TACTICAL EYEWEAR

Uvex Genesis for the U.S. Military is the all-in-one solution in protective eyewear. For superior coverage, visibility, comfort, and style, the answer is Genesis.

Eyewear Features

❶ *Dual 9-base wrap-around polycarbonate lens provides uncompromised peripheral vision and superior ballistic protection*

❷ *Soft flexible fingers adjust and conform to almost any nasal profile to reduce slippage and improve fit*

❸ *Soft elastomer brow guard diffuses and deflects impact and provides unparalleled comfort*

❹ *A unique ventilation channel between the frame and lens, vents the eye socket area to deliver an outstanding level of moisture and fog control*

❺ *Adjustable temple length for a customized fit*

❻ *Three-position ratchet lens inclination adjusts to complete the fitting system and provides unsurpassed extended wear comfort*

✪ *Quick, easy and cost-effective lenses can be changed to accommodate different lighting or applications*

✪ *Lightweight frame with streamlined temple design ensures compatibility with helmets, night vision and communication devices*

✪ *Two different Rx lens inserts are available for prescription eyeglass wearers*

✪ *Dura-streme® coating minimizes fogging and provides superior scratch resistance*

✪ *Meets US Military ballistic impact requirements: MIL-PRF-31013 (clause 3.5.1.1)*

✪ *Certified to the requirements of ANSI Z87.1-2010 and CSA Z94.3 standards*

✪ *Lifetime frame guarantee*

✪ *Made in USA*

Lens Technology

Uvex Dura-streme lens coating delivers the ultimate in anti-fog protection and scratch resistance.

Dura-streme lenses combine our two best lens coatings on one lens: Ultra-dura® on the exterior and Uvextreme® on the interior to provide up to 3x* more lens life. Uvextreme anti-fog coating performs under the most extreme conditions and will not wear off after repeated cleanings. It is permanently bonded to the lens and retains anti-scratch, anti-static and UV protection properties. Ultra-dura anti-scratch coating is permanently bonded to the lens and is scratch-resistant and chemical-resistant.

2 Uvex Dura-streme Technology

Uvextreme® Anti-Fog on the inside provides anti-fog protection near your hard-working eyes.

Ultra-dura® Anti-Scratch on the outside adds up to **3x* more life** to your lenses by protecting against harsh elements.

*Comparative lens life test performed using a Bayer Abrasion Test method and may vary between environment and application

UVEX™
by Honeywell

Comfort
The soft elastomer of the brow guard provides a comfort pad at all contact points.

Rx Carriers
Plastic and stainless steel Rx inserts for prescription eyeglass wearers. Rx lenses fit snugly onto the frame, shielding expensive prescription lenses from damage.

Combo Pack

Uvex Genesis Dura-streme Combo Pack**

The Genesis Dura-streme Combo Pack is fit for most non-laser applications and is conveniently packaged in a comprehensive, functional kit. The kit includes:

✪ Genesis eyewear assembly with black frame and clear Dura-streme anti-fog/anti-scratch lens

✪ 1 gray sunglass replacement lens with Dura-streme anti-fog/anti-scratch lens

✪ Uvex Fog Eliminator anti-fog cloth

✪ Black nylon crush-resistant carrying case, retention strap and storage pouch/cleaning cloth

**MCEPP and APEL approved
