

## NF Series Palm Coated String Knit Gloves

The North Safety NF Series Palm Coated String Knit Gloves combine function and comfort. The open back design is more breathable than a fully coated glove. There is a selection of coatings, all providing sure grip for picking up small objects while ensuring great dexterity. The NF Series is an ideal alternative to cotton and leather gloves used for general work applications.

Features	Benefits
Choice of coatings	<ul> <li>Natural Rubber - economical solution</li> <li>Nitrile - excellent abrasion resistance</li> <li>Polyurethane - great dexterity</li> </ul>
Unique texture finish     (NF14)	<ul> <li>Provides sure grip on oily, wet or dry objects.</li> <li>Coating on the finger tips and the area between forefinger and thumb minimizes wear on high stress areas.</li> </ul>
• Palm coating (NF13 and NF15)	<ul> <li>Provides excellent grip and longer life. Coating on the finger tips and the area between forefinger and thumb protect areas that typically wear out first on string knit gloves. Open back design allows gloves to "breathe" for more comfort.</li> </ul>
Cotton/polyester shell     (NF14)	Gray color hides dirt.
Nylon shell     (NF13 and NF15)	Minimal shrinkage when laundered.
Seamless liner	Superior comfort, lessens hand fatigue.  Does not irritate hands.
• Four (4) hand sizes	• Comfortable fit for a wide range of sizes.
