

## MARKETING BULLETIN

### Honeywell North Zone™ Hard Hat

#### Get Into Your Comfort Zone

Honeywell is pleased to announce the **new North Zone™ Hard Hat**. If the hard hat isn't comfortable or well balanced, if it moves or slips out of place, it will not be continually worn – leading to greatly increased safety risks and reduced worker productivity.

But, comfort is also subjective. That's why we designed the North Zone suspension with multiple adjustment points – so users can customize the fit to suit their own preferences. It's also why we added a removable comfort cradle near the rear ratchet. It enhances fit and balance without the need to overtighten the suspension, making North Zone even more comfortable – and ensuring that it stays in place the entire shift. The result is a hard hat that workers will actually want to wear – which directly impacts their safety and productivity, every day.

#### Features & Benefits

- Sleek, modern shell for custom logo imprinting
- Slots for cap-mounted earmuffs/face shields
- Three-level height adjustment for greater stability and balance
- Removable, replaceable rear comfort cradle for improved fit
- Easy-grip ratchet for smooth and precise headband adjustment
- Available in both Ratchet and Quick-fit (Pin Lock) models
- Ergonomic headband for easy adjustment
- Short brim design for increase field of vision
