

RIT KIT

Everything Your Rapid Intervention Team (RIT) Needs

You work in conditions that are like no other in the world. When one of your own is in danger, seconds tick away, pressure mounts, and your only concern is a successful rescue.

Our RIT kit – portable, rugged, organized, and compact – is your perfect partner, especially for confined space rescues. Made of tough ballistic nylon with Kevlar® seams and straps, it carries everything you need:

- A 60-minute cylinder
- An integrated flashlight
- A pouch for a spare facepiece, spare regulator, or tools
- 10 feet of intermediate pressure hose with female and male couplings to mate to a downed firefighter's buddy breather
- Fill hose and coupling to mate to a downed firefighter's RIC UAC fitting
- An integrated rope pouch for up to 150 feet of 8mm rope (rope not included)

Being able to put your hands on the right equipment in a heartbeat can literally be the difference between a successful rescue or tragic event. The RIT kit is designed to make that difference.

RIT KIT

Features

- Integrated flashlight holder with intrinsically safe flashlight, usable as hands-free headlight.
- Intermediate and/or high pressure hose with appropriate fittings for 1997-, 2002- or 2007-compliant Sperian SCBAs. Mates to downed firefighter's Sperian or Survivair pneumatics.
- First stage pressure reducer.
- Reflective bands for better visibility in low-light conditions.
- Air cylinder (available separately; 60 minutes recommended).
- Heavy-duty ballistic nylon with Kevlar® seams and straps to form a "sling" reinforcement.
- Optional tool pouch (tools not included).
- Removable shoulder strap, allowing you to secure it to the downed firefighter for easier extraction.
- Facepiece and regulator (available separately) allow RIT kit to be used with non-Sperian or non-Survivair SCBAs.
- Rope pouch will hold 150 feet of 8mm rope (not included), with a built-in D-ring inside for tie-down.
- Utility pouch with room for a facepiece, regulator and tool pouch (all available separately).
- Many heavy-duty D-rings to hold extra tools and accessories.

Ordering Information

Item	Part #
RIT kit (includes bag, pneumatics, and flashlight; no cylinder) for 1997-compliant Survivair Panther® SBCAs only	964610
